Thanks for letting me know. Your physical health is your responsibility. This does not sound like "stress". In fact, if you were in my office, I'd have a chest x-ray and a TB skin test and anergy panel put on you at a bare minimum. It's especially your responsibility as a man with a cough to be sure you are not infectious.

Thank you. I always been sick since the beginning of this semester. Back in August, I had fever and was constantly coughing. Sometimes I do have episodic chest pain and nausea. I am not sure if it is due to the stress I experienced over the summer as the 5 of us were not informed that we had to repeat the year until July 22nd due to the COMSAE. Can I make up for this missed session some other time?

Thank you

Brandon

Okay Brandon. I'm sorry you're sick. If you forget to do something like this when you're on rotations, it will have serious consequences for you. Thanks for understanding.

Hi Dr Friedlander,

Sorry, I was feeling sick last night. I forgot to email him about it. I fell asleep early.

Thank you very much
